

Bettleseleuchte BU 1	3000 K
 A diagram showing a light beam from a fixture. A vertical solid line represents the central axis. A dashed line represents the beam's edge. The angle between the vertical axis and the dashed line is labeled as 32°. The beam is shaded yellow. Horizontal lines are drawn at 0 cm, 30 cm, 50 cm, and 100 cm from the fixture, intersecting the beam's edge. <p>0 cm</p> <p>32°</p>	
30 cm	2126 lx
50 cm	841 lx
100 cm	255 lx
