

LED RGB Strip Flex (500 mm)		RGB
0 cm	 A diagram showing a yellow cone representing a light beam. The top vertex is marked with a small black rectangle representing the LED strip. A vertical line bisects the cone, and an arc at the top indicates a beam angle of 120°. The cone is divided into three horizontal sections by lines at 30 cm and 50 cm from the top.	
30 cm		90 lx
50 cm		30 lx
100 cm		12 lx
