

LED Strip Flex (L = 335 mm)	3200K	3000-6000 K
 <p>The diagram shows a yellow LED strip flex beam with a 120-degree beam angle. A vertical line indicates the center of the beam. Horizontal lines represent distances of 0 cm, 30 cm, 50 cm, and 100 cm from the beam. The beam's width increases as the distance from the beam decreases.</p>		
30 cm	199 lx	276-350 lx
50 cm	105 lx	108-135 lx
100 cm	40 lx	32-40 lx
